

RVR & JC College of Engineering(Autonomous) Chowdavaram

Guest Lectures Organized by the Department

GUEST	TOPIC	YEAR	DATE
2017			
K. Srinivasa Rao, S.E, QC&QA Circle. Nuzvid.	An insight to Polavaram Project and velugondu Tunnel	III and IV year B.Tech	19.02.2017
G. Prabhakar, Scientist, Nuclear Power Corporation of India, Mumbai.	Design Forces and beyond Design Basis	III and IV year B.Tech	17.02.2017
Dr. B. V. Mudgal, Professor, Anna University, Chennai.	Fundamentals of Fluid Mechanics and their Applications	III and IV year B.Tech	23-02-2017
Dr. Chandrasekhar Putcha, Professor, Department of Civil Engineering, California State University, Fullerton.	Applications of Reliability and Risk Analysis in various Disciplines	II and III year B.Tech	14.06.2017
Dr. Ranbir Sinha, Rocket Scientist, Switzerland.	Effective Communication Skills for Engineers, Scientists and Educators	III and IV year B.Tech	23-06-2017
Pro. Raghava Rao Kommalapati, Director, Center for Energy & Environmental Sustainability (CEES).	Energy and Environmental Sustainability: Outlook, Challenges and Opportunities.	III and IV year B.Tech	22.12.2017
Dr. T. Thyagarajan, Associate Professor, Department of Civil Engineering, IITM, Chennai.	Lime precipitation Technique	III and IV year B.Tech	30.11.2017
